SUMMARY

I am a highly motivated Data Scientist with a Master's Degree in Statistical Modelling, coupled with experience in Data Analysis. My academic background and practical experience have equipped me with advanced analytical skills. I excel in applying Machine Learning to solve real-world challenges in business contexts.

EXPERIENCE

Junior Data Analyst

ThinkONE Research & Consulting

📅 07/2023 - Present   📍 Casablanca

Worked on a variety of Quantitative Analysis and Consulting projects, contributing to improved revenue and heightened customer satisfaction.

- Designed and maintained dynamic dashboards for monitoring quotas in six African countries, aiding in the oversight and updating of field data.
- Proposed and enhanced data quality management processes, restoring the integrity and validity of KPIs.
- Integrated and scripted new survey analysis techniques for NPS & Satisfaction projects, ensuing in more accurate and meaningful insights.

Data Analyst Intern

ThinkONE Research & Consulting

📅 01/2023 - 07/2023   📍 Casablanca

Contributed to the automation of data and insight tasks and processes, resulting in increased efficiency and time-saving benefits.

- Designed and implemented R scripts for the Data team, leading to a 30% increase in data cleaning efficiency and data visualization customization.
- Developed and maintained VBA scripts to automate dashboard construction used by the Insight team, resulting in 70% time savings.
- Built and deployed an online HR platform using JS and PHP, helping to track and manage employees' information more effectively.

EDUCATION

Master's Degree: Economic Analysis and Modelling

Mohammed V University

📅 2020 - 2022   📍 Rabat

Bachelor's Degree: Economics and Management

Mohammed First University

📅 2017 - 2020   📍 Oujda

LANGUAGES

Arabic	Native	**French**	Proficient
English	Proficient		

STRENGTHS

Strong Analytical Skills

Tackled complex data analysis projects resulting in increased cost savings.

Adaptability

Quickly learned new tools or technologies, and adjusted to evolving business needs.

Attention to Detail

Committed to accuracy, strived for the highest level of quality in my work.

SKILLS

Hard Skills

Python   R   SQL   Tableau   Git

PowerBI   HTML   CSS   JS   PHP

Data Analysis   Statistical Modelling

Machine Learning   Deep Learning

Soft Skills

Problem Solving   Critical Thinking

Communication   Collaboration

Creativity   Innovation   Curiosity

CERTIFICATION

Data Science Professional Certificate

IBM, 2021

Machine Learning and Reinforcement Learning in Finance Specialization

NYU Tandon School of Engineering, 2021

Communication and Interpersonal Skills at Work

University of Leeds and Institute of Coding, 2020
